

## A lasting gift

Bequests with Villa Maria, whether large or small, make a real and marked difference to people in the community whether they are children or adults with a disability, people who are frail aged, their families or carers.

Margaret Raw is one of many people who have chosen to include Villa Maria in their Will – to provide long term support to an organisation whose values of Compassion, Accountability, Respect and Courage, are close to her heart.

Margaret's gift will help Villa Maria to face a future of ever increasing need for its essential services – a future that will demand specialised services be made available to a far wider community geographically.

*In her own words:*

*"For over 50 years I have followed Villa Maria's tremendous expansion and diversification into the fields of multiple disability and care of the frail aged, and I felt I would like to help in that work when I am no longer here. It was a very simple process to have a bequest inserted in my Will and it gave me great satisfaction to do so. I would strongly urge everyone who is in a position to do so, to do likewise."*
