

“Our mother received such wonderful care during her time with Anglican Retirement Villages (ARV), so when the time came for us to update our Will, we had no hesitation in leaving the Foundation a Bequest. We had seen first-hand the commitment of the Foundation in supporting ARV in the vision to provide the best care and services that it possibly could.

Given this we wanted to leave something that would last beyond our lifetime’s as well as saying thank you for the love and care shown by the staff towards our mother.

We urge anyone considering leaving a Bequest in their Will to consider the Foundation as a worthy recipient.”
